REMARKS

Applicants have amended the title of the application to conform to the revised publication of the application (WO 2005/000348 A3) that was published with the International Search Report.

Applicants have amended the specification to insert a priority claim based on the International filing as well as the earlier British priority case.

Applicants have inserted a new set of claims 44-70 for U.S. prosecution, all of which track claims present in the PCT application as filed, to conform better to U.S. practice. Thus, no new matter has been added. Applicants reserve the right to re-assert said claims in continuing applications.

The Commissioner is authorized to charge payment of any additional fees associated with this communication or credit any overpayment to Deposit Account No. 03-0678.
